

NEW!
2010 Revised Edition

BRAIN GYM TEACHERS EDITION

Cost \$60 (inc GST & postage/handling)

THE ESSENTIAL BRAIN GYM BOOK FOR ALL TEACHERS AND PARENTS

The long anticipated revision of Brain Gym® Teachers Edition by Paul and Gail Dennison has arrived! This new book presents a clear, well documented educational model of Brain Gym and broadens the readers' understanding of the effectiveness of the 26 Brain Gym activities.

It now presents each of the Brain Gym 26 with a two-page spread, including an action photo of the activity, perceptual-cognitive skills the activity may access (along with other correlates), and a personal anecdote from a parent or educator as to how they have used the activity. The 26 are shown to optimize learning and performance while giving a way for intention to be expressed as movement. A glossary of terms and bibliography for ready reference purposes is included. It also now includes a chapter on Brain Gym Games and Activities suitable for all preschool and primary school children.
