

BRAIN GYM® FOR LITERACY & NUMERACY

Relevant and Suitable for Preschool, Primary, Secondary, Tertiary Levels and Adult Education

WIRING THE BRAIN FOR EFFECTIVE LITERACY & NUMERACY LEARNING

Presented by Claire Hocking - International Brain Gym Instructor and Educational Kinesiologist with over 20 years' experience

NT 2015
 Darwin Tuesday 3 November Alice Springs Friday 6 November

A certificate of participation will be issued at the conclusion of the workshop

TIME 9.30 am - 3.30 pm
COST \$295 (inc gst) includes a copy of the new 'Brain Gym Teachers Edition' (value \$60), manual, materials and catering

in This Workshop you will Learn:

- ✳ How and why Brain Gym works with the latest brain research
- ✳ The 26 Brain Gym movement program
- ✳ PACE -a specific sequence of Brain Gym movements that helps your students to settle down, relax, pay attention and effectively 'switch on' to learn and focus
- ✳ How you can easily implement Brain Gym into the classroom and curriculum for effective literacy and numeracy learning
- ✳ Learn the Brain Gym for 'switching on' and improving:
Literacy: reading, writing, spelling, grammar and punctuation, phonics, and vocabulary, oral reading, reading comprehension, handwriting, creative writing, listening and speaking.
Numeracy: maths, arithmetic, counting, times tables, number formation, problem solving, sequencing, place value, function and pattern, structure, measurement, algebra, geometry, calculus, probability, statistics, trigonometry, and chance and data, and space.

Learn how to make the relevant neural connections in your student's brains that are crucial for their literacy and numeracy development and learning, especially in students who struggle in their learning. Based on neuroplasticity, Brain Gym can effectively 'switch-on' areas in the brain that is needed for competent literacy and numeracy learning and performance. Brain Gym will encourage all your students of all ages to work towards their full potential. They are highly recommended for remedial and special needs students.
